LDV Capital Management is a Registered Investment Advisory firm licensed with the state of Florida specializing in Financial Advisory, Mergers & Acquisitions, Fairness Opinions, and Investment Banking. Its President/Founder, James DePelisi, stated: "We are very excited to be hosting Spring Break for Wall Street, for a third year running. Everyone seems interested in coming to Florida during the spring, but more importantly it is the quality of companies that normally present."

Mr. DePelisi, who is also the President of the 45 year old Stock and Bond Club of South Florida (www.SBCSF.org), went on to say:

"In my opinion, in addition to the great weather in Florida, it is fair to say that many companies want to conduct presentations in South Florida due to the large concentration of professional money managers and private equity investors. We're proud of the fact that the Stock & Bond Club of South Florida dinner association is one of the longest running and largest investment

the past 16 years. We recently had Gold Corp, Inc. present in December; and both Lexington Realty Trust and General Electric present in January. On February 15th, the organization will be hosting financial holding company BB&T Corporation. It doesn't get much better than that."
