**PRESENTING COMPANIES:**

**GENSPERA, INC.** (OTCBB:[GNSZ](#)): is a development stage oncology company focused on therapeutics that deliver a potent, unique and patented drug directly to tumors. GenSpera's technology platform combines a potent, plant-derived cytotoxin (thapsigargin) with a prodrug delivery system that releases the drug only within the tumor. Unlike standard cancer drugs, thapsigargin kills cells independent of their division rate, thus making it effective at killing all fast- and slow-growing cancers and cancer stem cells. GenSpera's prodrug platform is the subject of seven issued patents with four additional patents pending. Visit: <http://www.genspera.com> for more information.

**INFUSYSTEM HOLDING, INC. (OTCBB:INHI):** is the leading supplier of infusion services to oncologists and other outpatient treatment settings. The Company provides pole mounted and ambulatory pumps, supplies and related clinical, biomedical and billing services to practices and patients, nationwide. The Company's unique suite of services appeals to practices, patients and payors by improving access to clinically necessary medical equipment, while driving down costs and maximizing clinical outcomes. Visit <http://www.infusystem.com> for more information.

**NEOGENOMICS, INC.,** (OTCBB:[NGNM](#)) is a high-complexity CLIA-certified clinical laboratory that specializes in cancer genetics diagnostic testing, the fastest growing segment of the laboratory industry. The company's testing services include cytogenetics, fluorescence in-situ hybridization (FISH), flow cytometry, morphology studies, anatomic pathology and molecular genetic testing. Headquartered in Fort Myers, FL, NeoGenomics has labs in Nashville, TN, Irvine, CA and Fort Myers and services the needs of pathologists, oncologists, urologists, and hospitals throughout the United States. Visit <http://www.neogenomics.com> for more information.
