International Mining Companies to Be Featured at Fort Lauderdale Investor Conference

FORT LAUDERDALE, FL--(Marketwire - February 22, 2008) - Publicly held mining companies from the U.S. and Canada will be among 33 presenters at The Growth & Value Investor Conference, a free, two-day event beginning February 27 at the Westin Fort Lauderdale.

Companies presenting at the conference are from 13 industries and six different stock exchanges, offering a rare, inside look into the core of their strategies, strength of management and the potential for profit.

"I'm excited to have so many wonderful companies exhibiting," said financial advisor, James DePelisi, who is sponsoring the event.

At each session, attendees will hear informative presentations from each company's Chief Executive Officer and senior executive management, followed by question and answer sessions. Further, one-on-one opportunities are available with the CEOs and executives.

A complimentary cocktail reception will be held from 4:00 p.m. - 5:00 p.m. Corporate presentations will run from 5:00 p.m. - 9:00 p.m.

"Today's stock markets offer true investment opportunities for equity investors -- particularly in the growth and value sectors," said DePelisi. "The Growth & Value Investor Conference has carefully designated a cross-section of specific firms representing these sectors."
