## Young Blue Eyes

He's not **Ol' Blue Eyes**, but Sunrise resident **James DePelisi** is playing Chairman of the Board.

DePelisi, the new president of the **Stock and Bond Club of South Florida** and a local radio show host, also teaches a class at **Broward Community College**. "The Life and Times of Frank Sinatra," is an in-depth academic study that includes his personality and legacy of more than 60 years.

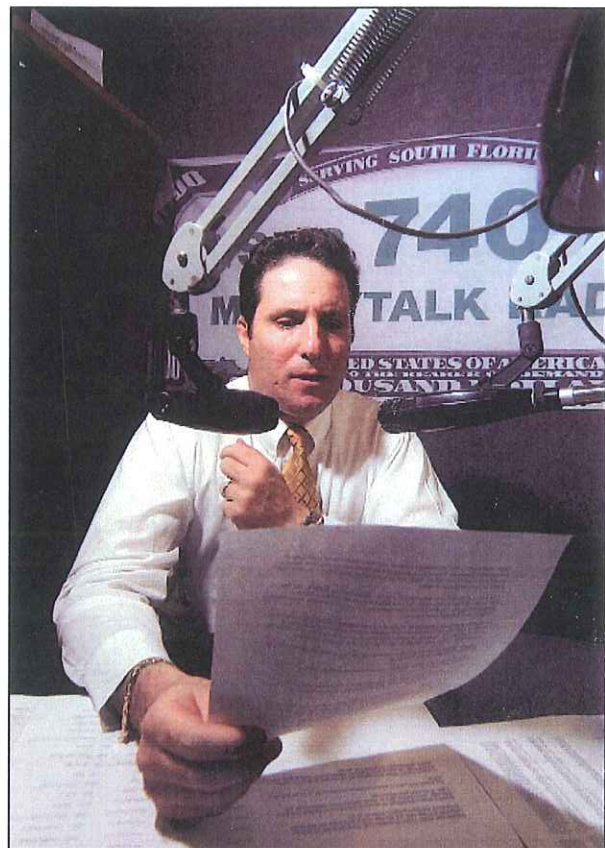

DePelisi's analysis of Sinatra's recording craft and studio discipline came in handy in the ballroom of the **Fort Lauderdale Marriott North** last week, where he quickly called to order a boisterous crowd of securities dealers and other investment professionals.

No easy task, as the 100-plus members feasting on sea bass and a presentation by **Rinker Group** (NYSE: RIN) CEO **David Clarke**, were also celebrating the club's 48th anniversary in South Florida.

DePelisi, a newlywed, runs an investment firm in Sunrise and replaced departing Stock & Bond Club President **Gary Wohrle**. He also hosts WSBR's morning show, "The Investor's Business Hour."

Given all that, he's got the world on a string.
